

This should be a masterpiece. The livestream is bound to go perfectly. Let's finish the « final cut » before the cameras roll.

POMPEI ...
ARE YOU READY ?!
Get ready for the most
psychedelic experience of your
entire life, it's now the
« eclipse »

Just « remember a day », a
specific day for this ancient city...

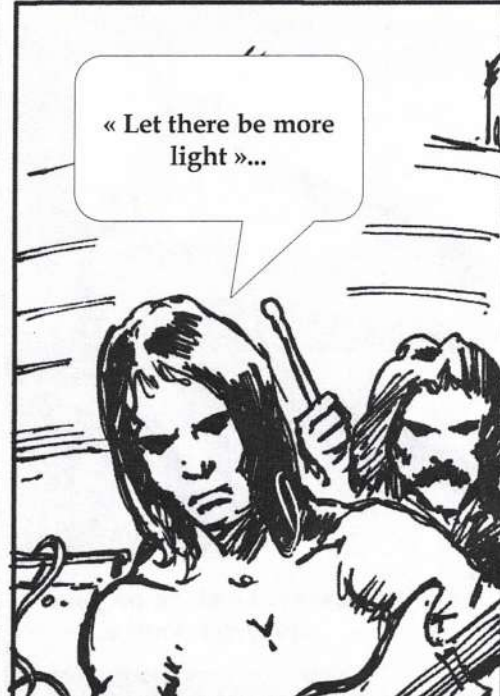

« Hey you », « it
would be so
nice » to make
this travel with
you

Give me your
hand, it's time to
« learning to fly »

« Let there be more
light »...

« We are flaming », it's the
sign that those « burning
bridges » lead us to another
space-time, « don't leave me
now » !

Wow, we've been
reincarnated as a couple of
musicians in the old
Pompeii !

Yeah, « welcome to the
machine » !

That's cool but I don't
understand, « Wot's... uh
the deal » ?

Don't be afraid, you just
have to live « your
possible pasts »

The volcano is erupting, « run like hell » !

« Stop » ! « Stay » !

« What shall we do now ? »

Pick up your musical instrument again, « the show must go on » !

Let's get « shine on your crazy diamond »...

I become « comfortably numb », is this « Nervana » ?

Sorry but it's time to go back down « Breathe » and « Let's coming back to life »

Do you feel the « Calling » of your body ? « Take it back » !

We are back ! It's crazy, what happened ?

I'll explain everything « One of These Days »... assuming we're not « On the Run ».

We sincerely hope our music « Echoes » with you.
